=====Important Notes=====

- Homework can be hand-written or typewritten.
- Put all your solutions in the same order as the above questions.
- Use this question paper as **cover page and staple them together.**
- The solution processes are *not* required in your submission, **but** may help you get some credits even if your solutions are wrong. (The solution and its solution process should **NOT be separated** by other questions).
- Electronic submission will be accepted (the above rules still apply)—in this case, put your solutions including this question paper as cover page into **ONE** Word or PDF file and send it to me via email. I'll *grade your work based on this file* and send back only your grade (without corrections of your errors).
- The full score for this homework is **100** points. **You will lose 5-10 points for ANY of the followings in your submission:**
  - No name
  - No cover page
  - Your work *not* in proper order
  - Not a single Word or PDF file (if submitted via email)
