Reading/Practicing Guidelines for Chapter 4:
- The important sections are 4.1 through 4.4.
  - The **source code**, either in C/C++ or Java, provides good examples for our course OS projects
  - We will work on a Java programming project. So use **Figure 4.11** (available from slides) for an example.

- While reading the text, pay particular attention to the following Chapter Practice Exercises (on pages 174-175) :
  - 4.1, 4.2, 4.3, and 4.4.

========================**The Important Notice**=====================
- The above are only Reading assignments.
  - **No submission**s are required. But some questions may be selected for **midterm and final exams**.
  - You may need to check their solutions on the department's **R-Drive**.
  - Please do **NOT** distribute the solutions in any format.
- Homework/Assignment for this chapter will be given separately.
