Reading/Practicing Guidelines for Chapter 6: Process Synchronization
- Read the **WHOLE** chapter texts, figures, and pseudo code—this chapter is the most important part of the OS.
- Pay particular attention to the following:
  - Sections **6.1, 6.2, …, through 6.7.**
  - The three requirements that must be met to solve critical-section problem.
  - **All the pseudo codes** for the implementation of different algorithms from 6.1 through 6.7.
- Working on the following Chapter 5 Practice Exercises (on pages 218-220) :
    - 6.1, 6.3, 6.4, and 6.6.

=======================**The Important Notice**=====================
- The above are only Reading assignments.
  - **No submission**s are required. But some questions may be selected for **midterm and final exams**.
  - You may need to check their solutions on the course website.
  - Please do **NOT** distribute the solutions in any format.
- Homework/Assignment for this chapter will be given separately.
