

**Lab 0**

(Due date: Friday, 1/23/2009 in the Lab hours)

Your name:	Score:
------------	--------

1. Create a project with name “lab0” under the directory you created in the last lab and work through the test sample code in Fig02\_01, Fig02\_03, Fig02\_04, and Fig02\_06 (you may use the textbook or CS department’s R: drive (R:\Yi\CSC201J-02\sampleCode\ch02) for these examples).
  - **You need to show the results to the instructor.**
2. In the following blank space, write the sample code (by **handwriting!**) (no comments are required—talk to the instructor as to how much you need to copy!).
