Lab 4
(Due date: Wednesday, 2/11/2009 in the Lab hours)

Your name:	Score:

1. Create a folder (under your H:drive's folder "201J") with the name of "lab02"). Create a new project for each of the following exercises with a meaningful name using NetBeans. Test the code. Write down several lines of code (Java statements that you feel very important) for each project (you may use the other side of the page).

      a. **Exercise 2.17 (p. 81)**

      b. **Exercise 2.28 (p. 82)**

c.   Exercise 2.15 (p. 81)

d.   Exercise 2.31 (p. 82)
