

**Assignment 0**  
(Due in class, Thursday, 1/21/2009)

Your name:	Score:
------------	--------

1. Read the course syllabus:
  - a. Have you read it? (Yes or No).
  
  - b. Do you have any comments on it? What are they?
  
2. Provide your *most-frequently-used* email address (write LEGIBLY!!—we will use it for class/exam/homework announcements).
  
3. You **must answer the following course syllabus related questions *correctly*** to get a grade for this assignment:
  - a. What is the instructor's email address?
  
  - b. What is the instructor's homepage (at SSC/CS-dept) where you can find our course information (latest announcements, assignments, lecture materials...)?
  
  - c. When and where will the final examination be held?
  
  - d. How many different types of test are there in each of the midterm and final exams? What are they?
  
  - e. What are the late-submission penalties for the assignments and homework, respectively?

**Over→**

- f. Homework will be used to increase your final grade. How does it work?
  
- g. Lab attendance is required.
  - i. At least how many lab meetings you need to come to get the lab attendance grade (5% of the final grade)?
  
  - ii. If you have shown up for 18 lab meetings and missed others (without any proper excuses), can you still get part of this 5% of the grade? If not, how can you get this lab attendance grade?
  
- 4. Have you taken any CS courses before? What are they?
  
  
  
  
  
  
  
  
  
  
- 5. What do you expect from this course?
  
  
  
  
  
  
  
  
  
  
- 6. (Optional) Some instructors use pencils when doing corrections/grading, some with red/blue pens. What is your opinion?
  
  
  
  
  
  
  
  
  
  
- 7. (Optional) What is your major, and/or interested areas?
