

Important notice on the Make-up Exam:

- The makeup exam questions are MC questions (they are exactly the same as the midterm Multiple Choice (MC) questions).
- The credit you get from this makeup exam will be “added”(with the use of a formula) to your midterm exam score.
- The grading of the makeup exam will be done by a Computer Program so if you submission does *not* follow the following requirements, **you will get zero even if your answer is 100% correct!**
- This is an INDIVIDUAL exam—your submission should 100% be your own work. And the Computer Grading Program will do Similarity (“Plagiarism”) Detection. For example, if two submissions’ **incorrect** answers are same or highly similar, you cannot simply say “we might have made the same mistakes.” For example, person A’s **incorrect** answers for Questions 1, 3, 5, 7, 9, 10 are A, C, E, D, C, D and *person B*’s **incorrect** answers for Questions 1, 3, 5, 7, 9, 10, 11 are: A, C, E, D, C, D, B, which gives a very suspicious case.

Submission Requirements:

1. You must put your answers in a **TEXT file** (No Word, No PDF,...)—you may use “notepad” or “notepad++” to enter your answers.
2. Submit your solutions at **Moodle** by **11/1/Tuesday, 11:50PM—No later submission will be accepted.**
3. The **first line** will be your name;
4. The next **TWELVE (12)** lines are the answers with each line having 5 letters (A, B, C, D, or E) for the answers for 5 MC questions.
 - a. Your answers must follow the same order as the questions. That is, the first letter of the first line of the solution-lines should be the solution to the first question, the second to the second questions...
5. A sample solution is given as in the following:

```
Beifang Yi
