Assignment 0
(Due in class, 9/9/Friday)
(Full Score: 20 points)

Your name:	Score:

1. Read the course syllabus:
    a. Have you read it? (Yes or No).

    b. Do you have any comments on it? What are they?

2. Provide your ***most-frequently-used*** email address (write LEGIBLY!!—we will use it for class/exam/homework announcements).

3. How long have you used computers? For what purpose (work, playing game,…)?

4. Do you have your personal computer? Is it a Desktop or Laptop? What is its configuration, that is, Memory and Hard-Drive capacities, with a CD/DVD drive…..?

5. What computer software (program applications) have you used?

Over➔

6. List in the following table all the CS courses you have taken and the grade for each of them (feel free to add any CS courses taken anywhere. If you **forgot** any course title or grade, provide the *related/approximate* information).

Courses	Check if taken	Grades (approximate)-*Optional*
CSC200A(Survey I)		
CSC215 (Survey II)		
CSC201J(Java Programming I)		
CSC202J(Java Programming II)		
CSC260 (Data Structure)		
CSC263 (Database)		
CSC273 (C Programming)		
CSC280 (Operating System)		
CSC 295 (Architecture)		
CSC300 (Software I)		

7. Your background with the use of computers and software. Any programming experience? If yes, what programming languages? Any programming projects (other than the course work, in your part-time/full-time/intern job)? And/or any other computer (hardware/software related) projects done before?

8. You **must answer the following course syllabus related questions *correctly*** to get a grade for this assignment:

    a. What is the instructor's email address?

b. What is the instructor's homepage (at SSU/CS-dept) where you can find our course information (latest announcements, assignments, lecture materials…)?

c. When and where will the final examination be held?

d. What is the late-submission policy for the course?

e. In the event of emergency when the school is closed, where should you look for the updated course information for this class?

f. Fill in the blanks of the following table (Assume that A5 and A9 are assignments given in the semester and that students Bei and Fang submitted their assignments on the dates illustrated in the table. Calculate their assignment scores in percentage points—check the syllabus):

	A5 (full score: 100, due on 10/5)	A9 (full score: 200, due on 12/18)
Bei' submission dates	10/3	12/20
Bei's Scores;		
Fang' submission dates	10/15	12/15
Fang's Scores;		

9. (Optional) BTW, what will be your plan after graduation (go to graduate school; find a job—what kind of job…)?
