Complete Programming Assignment 2a: **Mail User Agent: Simplified Version** from the textbook company site (or click here at http://cs.salemstate.edu/~b_yi/2011Spring/CSC315A/resources/programmingAssignments/lab2a_Email_Lab.html)

Submission:

A **compressed folder-file** that contains:

- Your source file(s) (*.java files)
- A short memo on how to use (compile, run and test) the code

Bonus (40 points):

- Create a GUI for your MUA (in Java) so you can use a GUI mail interface to interactively send your emails(the GUI looks like an example at http://cs.salemstate.edu/~b_yi/2011Spring/CSC315A/resources/programmingAssignments/lab2.html).
- (You may also find helpful hints in the above link)
